## ABOUT THE STATE

The White River train did not reach  
Gayville until 10:30 o'clock Saturday  
having been snowbound at Rochester, 19  
miles away, since the Monday before.  
The track being a solid bed of ice made  
it impossible to get through.

An autopsy Wednesday afternoon by  
Health Officer C. F. Ball on the body of  
Miss Margaret Edmunds—the graduate  
nurse, who was found dead in a bath  
room at the hotel Barre, Rutland, on  
Wednesday morning, showed that she  
was suffering from acute Bright's dis-  
ease and organic heart trouble. She was  
evidently stricken while preparing to  
bathe. She was caring for a patient at  
the hotel. She had no relatives in Rut-  
land, going there three years ago to  
take a course at the Rutland hospital's  
nurses' training school, which she com-  
pleted February 9 last. She was 30  
years old.

A large number of relatives and  
friends were present at the Congrega-  
tional church at Hartland Wednesday  
night to witness the marriage of Gar-  
field Humphrey Miller of White River  
Junction and Miss Helen Clark Britton  
the only daughter of Mr. and Mrs. Henry  
S. Britton of Hartland. The ceremony  
was performed at 7:30 o'clock by the  
Rev. A. J. Hough of Montpelier. The  
bridemaids were Miss Annie Miller, a  
sister of the groom and Miss C. Mar-  
lyn Moore of Springfield, Mass. The  
matron of honor was Mrs. Ernest H.  
Martin of Mount Holly, N. J., an aunt  
of the bride, and the ring bearer, Miss  
Dorothy Miller. The groomsmen were  
Allen H. Britton of Hartland and the  
usher Herbert Miller, Carl Cameron and  
Arthur Hough of White River Junction  
and Joseph Beale of Keene, N. H. After  
the ceremony a reception was held at  
the bride's home. The couple will  
take a trip to New York and Philadel-  
phia and upon their return will live in  
White River Junction.

**Golden Wedding at Brandon.**  
Mr. and Mrs. J. Harlow Sanders cele-  
brated their golden wedding at Brandon  
Monday, February 22. They were mar-  
ried at West Bolton February 22, 1839  
by the Rev. Wm. S. Hurlbut. Mr.  
Sanders enlisted for the Civil War in  
1861, serving four years, and was honor-  
ably discharged on account of a shell  
wound in the right arm. Mrs. Sanders'  
maiden name was Marinda Webster. She  
is a direct descendant of Ephraim Web-  
ster, one of the early English settlers  
of Massachusetts, who served in the  
Revolutionary War. Mr. and Mrs. San-  
ders have lived in Shoreham for several  
years until 14 months ago they moved  
to Brandon. The guests from out of  
town were a sister of Mr. Sanders, Mrs.  
Theresa Randall of Castleton, a brother,  
Archibald Sanders of Orwell, a daughter,  
Miss Susan Burnham, and two lit-  
tle girls of North Ferrisburgh, Mr. and  
Mrs. Geo. Burt and Mr. and Mrs. F. W.  
Burt of Orwell, Miss Anne Meehan and  
Miss Nellie Sullivan of Shoreham.

**NAMED BY LINCOLN.**  
Triplets Born in Starkshoro, Now Living  
in Wisconsin.  
Judge E. W. J. Hawkins of Burlington  
is in receipt of a copy of the Baraboo  
(Wis.) Evening News containing an in-  
teresting story about the naming by  
President Lincoln of triplets born in  
South Starkshoro. The triplets, all boys,  
were born in South Starkshoro, May 24,  
1864. Judge Hawkins' father, the late  
A. M. Hawkins, for 35 years postmaster  
of Starkshoro, wrote to President Lin-  
coln, telling him of the arrival of the  
three little Yankees and requested the  
chief executive to name them.  
President Lincoln replied promptly to  
Mr. Hawkins' letter and named the boys  
as follows: Simon Cameron Haskins, for  
the secretary of war; Gideon Wells Has-  
kins, for the secretary of the navy; and  
Abraham Lincoln Haskins, for himself.  
Miss Ida M. Terbell, biographer of Lin-  
coln, and other authorities have been  
consulted, but no additional light has  
been thrown on the incident, which was

**A STRANGE CASE.**  
Derby Man Hit on the Head, Made In-  
sane, Recovered.

Derby, Feb. 26.—On Saturday, Feb-  
ruary 13, Charlie Sloan accidentally re-  
ceived a severe blow on the head and  
since that time the case has excited a  
good deal of curiosity and wonder. The  
past week as he had gradually been  
growing deaf and blind yet in some way  
he perceived things and on efforts to  
deceive him in the least were successful.  
For all he has been so insane he has  
kept strict account of the days, each  
day saying just so many days whatever  
it happened to be, before he would  
know whether he would die, live to be  
insane always, or be all right. Monday  
was the day he said he should know and  
strange to say, when he awoke Monday  
morning it was with his brain clear but  
with no memory whatever of what  
transpired since he received the blow on  
his head.

**BUSINESS TROUBLES.**  
George O. Matthews of Bellows Falls  
Pleits Petition in Bankruptcy.

Rutland, Feb. 26.—George O. Mat-  
thews of Bellows Falls has filed a peti-  
tion in bankruptcy with Clerk F. S.  
Platt of the United States court. His  
liabilities are \$835.94 and his assets  
amount to \$291.72, of which \$225 are  
exempt.

**Sporting Notes.**  
William K. Vanderbilt has won  
nearly \$700,000 on the French turf in  
the last four years.

H. T. Blackstaffe of England, Olympic  
sculling champion, in twenty-two  
years of river work won 215 prizes.  
There are now five Georges on the  
Detroit American league team—Mul-  
lin, Suggs, Winter, Cockill and Mori-  
arity.

Major Delmar, 1:50%, has been re-  
tired from the turf by his owner,  
William Bradley, owner of Armdarier  
farm, Rutland, N. J.  
Oiseau has been sold for \$20. The  
great race horse for which "Diamond  
Jim" Brady once paid \$30,000 was  
knocked down for this paltry sum at  
an auction in Kentucky recently.

Tim Murnane has invented a batters'  
box that cannot be erased. It is made  
of hard rubber and will save the um-  
pires the trouble of chalking the lines  
repeatedly, as they have to do now.

**German Gleanings.**  
There are only fifty-five female phy-  
sicians in the German empire.  
Nine-tenths of Germany's population  
can be fed by products of her own  
soil.

Experiments are under way in Ger-  
many with more than thirty different  
processes for removing iron from  
drinking water, most of them forms of  
filtration.

A remarkable piece of work was re-  
cently shown at a German exhibition  
in the shape of a well executed land-  
scape made of colonies of different col-  
ored bacteria thriving in gelatin and  
meat extract.

**Law Points.**  
When the homestead has once at-  
tached to land it is held in fee simple  
versus First National Bank, 76 Kan.  
540, 94 Pac. 273, 16 L. R. A. (N. S.),  
110, that it may persist for the benefit  
of a single individual who is the sole  
surviving member of the family.  
Surrender of a note before the com-  
pletion of a renewal note by securing  
a signature which the creditor has  
agreed to secure is held in Benson  
versus Jones (N. C.), 61 S. E. 103, 16  
L. R. A. (N. S.), 343, not to release the  
liability of sureties on the first note.

**Canal Zone Buildings.**  
On the many million dollars' worth  
of buildings owned by the United  
States government in the Panama can-  
al zone no insurance is carried. The  
government has spent \$10,250,000 in  
buildings in the zone, which amount  
takes no account of the value of the  
buildings purchased from the French  
both in the canal zone and the repub-  
lic of Panama nor value of the prop-  
erty in all the buildings, including the  
large amount of stores. However, the  
canal zone department has been devel-  
oped to a high state of efficiency.
